About Me

I am a third-year Computer Science undergraduate at UCSC with a strong passion for exploring new technologies and applying them to solve real-world challenges. I have hands-on experience in full-stack development and am currently seeking an entry-level opportunity to contribute to a dynamic and collaborative team. I'm a dedicated and fast learner who keeps up with emerging tech trends. I thrive in team environments and bring strong communication and interpersonal skills to the table.

Education

University of Colombo School of Computing, Colombo, Sri Lanka
B.Sc. in Computer Science   May 2023 – Present
